Dear Stan,

I do want to say thanks for the delightful luncheon the other day with you and Pat. I certainly enjoyed the opportunity to gain your perspective on the Senate and its operations. It is a fascinating institution and I am thoroughly enjoying my first real opportunity to work with it--I say that even after six and a half hours Friday in front of the Senate Armed Services Committee!

I do hope that we can get you to come out to the Agency for a return visit one of these days. In the meantime, all the best.

Yours,

STANSFIELD TURNER
